# WHO WE ARE

Since 1986, Custom Fencing has proudly served Northern Indiana as a trusted leader in professional fencing. Based in Warsaw, Indiana, we are a three-generation family business committed to delivering the highest quality fence products and expert installation. From beautiful backyard fences to securing multi-acre facilities, we have the experience and expertise to do it right.

- 40 years of family experience
- No job too big no job too small

*Fence styles and installation methods are selected based on long-term performance and quality standards.*

Contact Custom Fencing to schedule an in-person consultation at a time that works for you. We provide free estimates and can bring samples and materials to help ensure you get exactly the fence you want. Our team is here to guide you every step of the way.

### Built to Last, Not Just Installed Fast

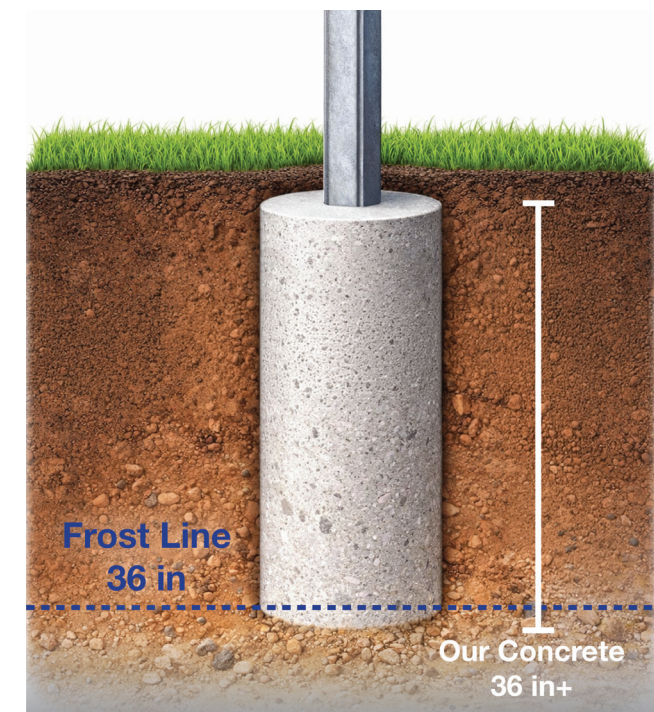

Over the years, we've seen trends come and go in the fencing industry. While some installation methods promise faster turnaround, we prioritize structural integrity and long-term durability.

*Our family has been building fence in Northern Indiana for 40 years. We have the experience and know how to install a fence that will last the ages. Our techniques and methods have been tested and fine-tuned through the years.*

### Quality Standards We Follow

- Installed to meet jurisdictions that require concrete footings and inspections.
- Material selection based on environment and intended use
- Straight lines, consistent spacing, and clean finishes
- Hardware and components chosen for long-term durability
- Final inspection and walkthrough upon completion
- Custom Fencing only uses commercial grade materials
- We leave your yard the way we found it
- We remove your dirt or relocate it (garden bed, low spots) at no cost

# COMMITMENT TO QUALITY

PROPERLY SET WITH CONCRETE

### **Commercial Chain Link: Black Vinyl Coated**

- Commercial-grade chain link
- Black heavy mil vinyl coating
- Ideal for security and perimeter control

A durable, professional-grade fencing option designed for commercial properties and high-traffic areas. Black vinyl coating enhances corrosion resistance while providing a clean, modern appearance.

### **Residential Chain Link: Black Vinyl Coated**

- Residential-grade chain link
- Black vinyl coated finish
- Open, unobtrusive design

A popular residential fencing option that balances durability with visual appeal. The black vinyl finish blends well with landscaping while providing dependable boundary definition.

### **Commercial Chain Link: Galvanized**

- Commercial-grade galvanized steel
- Low-maintenance and durable
- Commonly used for industrial and utility sites

Galvanized chain link fencing offers long-lasting strength and reliability for commercial applications. Its classic finish provides proven performance in a wide range of environments.

### **Residential Chain Link: Galvanized**

- Galvanized steel construction
- Budget-friendly fencing option
- Suitable for yards and property lines

A cost-effective and dependable solution for residential properties. Galvanized chain link fencing provides long-term performance with minimal upkeep.

### **Vinyl Rail Fence**

- Low-maintenance vinyl constructions
- Traditional rural railing look
- Available in multiple styles

Vinyl rail fencing offers the timeless rustic rail look with the long-lasting, low-maintenance benefits of vinyl. Enhance your property with a wide range of attractive design options that combine beauty, durability, and performance.

### **Vinyl Privacy/Semi-Privacy Fencing**

- Low-maintenance vinyl construction
- Semi-privacy design
- Available in multiple styles and colors

Vinyl Semi-Privacy fencing delivers a clean, modern look with minimal maintenance. Designed for longevity, it resists weathering while providing visual privacy.

### **Custom Built Configurations**

- Cages and Railing Systems
- Custom Gates
- Heavy Mil Vinyl Coating or Powder Coating

Custom Fencing's Weld Shop can build virtually any configuration you need, from indoor and outdoor cages to industrial railings and fully custom gates. Built for strength, precision, and durability, our custom fabrication solutions are designed to meet your exact specifications.

### **Wood Privacy/Semi-Privacy Fencing**

- Natural wood materials
- Customizable layouts
- Ideal for residential privacy

A classic fencing option offering natural warmth and versatility. Wood semi-privacy fencing is built for durability while maintaining a traditional appearance.

### **Split Rail Wood Fencing**

- Traditional split rail construction
- Open design
- Ideal for large landscapes

A rustic fencing style commonly used for larger properties and rural settings. Split rail fencing defines boundaries without obstructing views.

### **Drive Gates**

- Custom-sized to fit entrances
- Compatible with multiple fence styles
- Manual or automated options available

Drive gates provide controlled access while complementing the overall fencing system. Designed for durability and smooth operation.

### **Garden Fencing**

- Decorative and functional
- Defines garden areas
- Designed to blend with surroundings

Garden fencing offers a practical way to protect landscaping while maintaining an attractive appearance. Ideal for residential gardens and outdoor spaces.

### **Decorative Ornamental Gates**

- Custom-sized to match fence layout
- Coordinated finishes and detailing
- Durable welded construction

Decorative ornamental gates combine security with refined design, creating a seamless extension of your fencing system. Built to complement ornamental and decorative fence styles, these gates provide controlled access while enhancing curb appeal.

### **Decorative Vinyl Fencing**

- Variety of decorative profiles and accents
- Maintains an open, polished look
- Engineered for durability and consistency

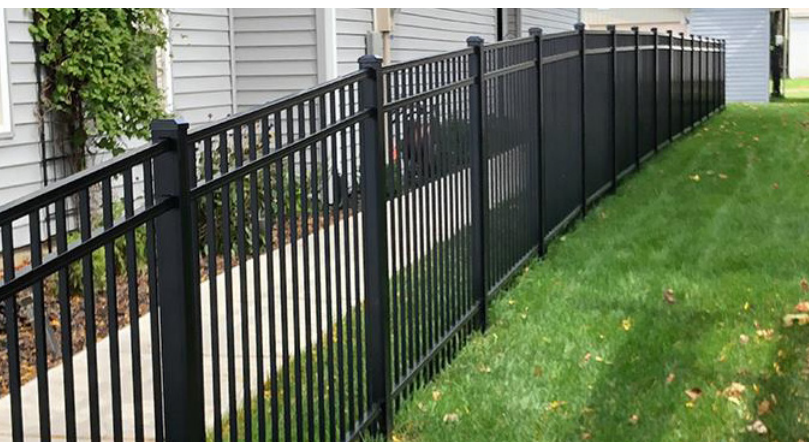

Decorative vinyl fencing enhances a property's appearance while establishing a clean, defined perimeter. Designed for long-term performance, it offers refined styling options that complement both residential and commercial settings without creating a heavy visual barrier.

### **Athletic Facility Fencing**

- Custom or regulation courts/fields
- Expertise and experience

Custom Fencing has built everything from college-level baseball diamonds to private pickle-ball courts. We understand the unique requirements of both private and public athletic facilities. Whether it's your backyard basketball court or a public ball field, you can trust that it will be built right: with quality, durability, and precision.

### **Ornamental Fencing**

- Heavy-duty steel construction
- Powder-coated finish options
- Built for long-term structural performance

Steel rail fencing delivers strength and architectural presence with a streamlined, professional finish. Designed for durability and structural integrity, it provides a defined boundary with a polished aesthetic.

### **Factory Cages**

- Heavy-duty construction
- Designed for industrial use
- Custom configurations available

Factory cages are designed to create secure, enclosed areas within industrial or commercial environments. Built with durability and safety in mind.
